

Dogs Fundraiser

For our service project I think we should donate to a dog rescue I am in touch with. Some of these dogs have been beaten, neglected and left to die. I want to bring hope and love to the dogs so if they live at the rescue forever they have a good life. I have been able to meet some workers and the owner of the rescue. They are very nice people who are very grateful for donations. I have met some of the dogs there and I became very attached to them I got to meet a dog that had one eye, is deaf, had to have its tale amputated and is a breast cancer survivor. That was the moment I told myself I had to do something to help those dogs. I really have one wish and that is to get to be able to go up there and show them what a school can really do and that is to show them that we can do it and we can come together to help them out. I will be able to supply the school with collection bags and I will be able to talk to every class about the rescue. I will be such a happy person if we do this. I have always been taught that it's better to give then to receive. So please choose this service project.
